NIEC 2026 DELEGATE INFORMATION

On behalf of RichAfrica Consultancy, convenor of the Namibia International Energy Conference, we are delighted to confirm your attendance at the 8th edition of NIEC, taking place from **14–16 April 2026** at the Droombos Vineyard Country Lodge in, **Windhoek, Namibia.**

NIEC 2026 is held under the patronage of the Ministry of Industries, Mines and Energy of the Republic of Namibia, and under the theme *"The Road to First Oil & Beyond: Partnership. Investment. Growth."* This year's conference will be officially opened by Her Excellency President Dr Netumbo Nandi-Ndaitwah, a clear signal of the strategic national importance of Namibia's energy moment.

The three-day programme brings together policymakers, energy stakeholders, investors, and international partners to engage on the priorities shaping Namibia's path to first oil and a diversified energy future — from financing and local content to technology and high-level industry dialogue.

Should you have any questions in the meantime, please do not hesitate to contact us at info@nieconference.com.

We look forward to welcoming you to Windhoek.

We look forward to your participation as we collectively shape the road to first oil and beyond, driving growth, innovation, and a resilient energy future for Namibia.
